Core Series In Medical Education

Cutting Edge: Using Technology to Enhance Teaching

February 5, 2014
Warren Alpert Medical School, Room 270
222 Richmond Street, Providence, RI

5:00–5:30 PM Registration and Refreshments
5:30–7:00 PM Workshop

Robert J. Tubbs III, MD
Assistant Professor of Emergency Medicine
Warren Alpert Medical School of Brown University

Ana P. Lourenco, MD
Assistant Professor of Diagnostic Imaging
Warren Alpert Medical School of Brown University

Program Description:
The current generation of adult learners are using newer technologies that many educators are not familiar with and use of these technologies can considerably enhance the learning experience of both teachers and students. The goal of this workshop will be to expand the currently limited use of technology among faculty and discuss the advantages of implemented audience response systems in medical education which will lead to improved learning.

Learning Objectives:
1. Identify a variety of technologies to use in enhancing medical education
2. Identify key areas where these technologies can be implemented

Credit Designation
The Warren Alpert Medical School of Brown University designates this live activity for a maximum of 1.5 *AMA PRA Category 1 Credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Teaching the Disorganized Resident

March 17, 2014
Warren Alpert Medical School, Room 270
222 Richmond Street, Providence, RI

5:00–5:30 PM Registration and Refreshments
5:30–7:00 PM Workshop

Moune Jabre Raughley, MD
Assistant Professor of Obstetrics & Gynecology (Clinical)
Warren Alpert Medical School of Brown University

Ashley Stuckey, MD
Assistant Professor of Obstetrics and Gynecology
Warren Alpert Medical School of Brown University

Program Description:
All medical schools and residencies have disorganized and problematic students who often struggle with the acquisition of medical knowledge, clinical and/or interpersonal skills required of physicians. Struggling learners must be identified early and assisted in a formal and effective manner to address their noted deficiencies. This session will focus on strategies to help these learners succeed and minimize the impact on teachers, fellow students, patients, and healthcare professionals within a system.

Learning Objectives:
1. Identify principles of adult learning styles and common types of learning difficulties
2. Develop strategies to teach the challenging learner
3. Review different models of remediation

Credit Designation
The Warren Alpert Medical School of Brown University designates this live activity for a maximum of 1.5 *AMA PRA Category 1 Credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Accreditation
The Warren Alpert Medical School of Brown University is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Register Online:
https://apps.biomed.brown.edu/cme_registration/
There is no fee to attend these activities, but registration is required.

Contact the Office of Continuing Medical Education
Phone: 401-863-2871 | Fax: 401-863-2202 | Email: CME@Brown.edu | Website: www.brown.edu/cme

To request reasonable accommodations for a disability, please notify the Brown CME Office or the Program in Educational Faculty Development in writing at least two weeks prior to each session.

Program in Educational Faculty Development
2013-2014 Series

The **Program in Educational Faculty Development** at Alpert Medical School recognizes and supports our faculty and residents in their role as educators. We strive to provide participants with the knowledge and skills to teach in the classroom and at the bedside. Warren Alpert Medical School faculty, residents and community preceptors are welcome to attend all sessions, to be held at the Alpert Medical School, located at 222 Richmond Street, Providence, RI.

Core Series in Medical Education

The "Core Series" consists of 6 large-group presentations on common topics within medical education. Designed specifically for medical educators, sessions are open to all faculty, residents and community preceptors. The Core Series includes annual sessions on the following topics:

* Presentation and lecturing skills
* Small group facilitation
* Teaching the challenging learner
* Clinical teaching
* Using technology in teaching
* Evaluation and effective feedback

Individuals attending 5 of the 6 Core Series sessions within a three-year time frame will receive a Certificate of Participation, which can be included as "additional education/training" as part of faculty promotions materials.

Seminars in Medical Education

The Program in Educational Faculty Development also offers half-day seminars on advanced topics in medical education. These seminars are interactive, skill-building workshops on topics such as:

* Curriculum development
* Longitudinal assessment of learners
* Medical education research, etc.

Individuals who achieve a Certificate of Participation, and also participate in two of the Seminars in Medical Education (within a total time frame of five years), will be designated as having completed Advanced Medical Education Training. Advanced Medical Education Training can be included as "additional education/training" as part of faculty promotions materials.

Faculty Development Oversight Group

Emily Green, MA (Chair)
Associate Director of Faculty Development

Gowri Anandarajah, MD
Clinical Professor of Family Medicine

Angela Anderson, MD
Clinical Associate Professor of Pediatrics

Rahul Banerjee
MD14 Student

Liza Cariaga-Lo
Associate Provost for Academic Development and Diversity

Brian Clyne, MD
Associate Professor of Emergency Medicine

Michele Cyr, MD
Associate Dean for Academic Affairs

Richard Dollase, EdD
Director, Curriculum Affairs

Luba Dumenco, MD
Lecturer in Pathology & Laboratory Medicine

Paul George, MD
Assistant Professor of Family Medicine

Amy Gottlieb, MD
Associate Professor of Medicine and Obstetrics & Gynecology (Clinical)

Jeffrey Hunt, MD
Associate Professor of Psychiatry and Human Behavior

Joyce Ou, MD, PhD
Assistant Professor of Pathology and Laboratory Medicine

Steven Rougas, MD
Medical Education Research Fellow, Emergency Medicine

Maria Sullivan, BS
Director, Continuing Medical Education

Kathy Takayama, PhD
Director, Sheridan Center for Teaching and Learning
